

## MANY DROWNED.

Ferry Boat Capsizes and Fourteen Persons Lose Their Lives.

### AWFUL ACCIDENT TO A TRAM CAR.

A Bridge Gives Way and the Car Is Precipitated into the Water Below and Probably Fifty People Are Drowned.

CAIRO, Ill., May 27.—The steamer Katherine, used as a ferry boat, was caught at the mouth of the Ohio river by a sudden hurricane at 8:30 o'clock yesterday morning and capsized, and all on board, except the captain, engineer and clerk, were drowned. The dead, as far as can be learned, number 14, among them Capt. Ritchie, superintendent of the Cairo City Ferry Co.; Dr. Orr's two daughters, Mr. and Miss Stanley, of Wickliffe; Mrs. William Shannon and baby; of Bird's Point, Mo.; Mrs. Mary Jones, of Jackson, Tenn.; Richard Thurman, of Wickliffe, and Charles Gilhoffer, a merchant of this city. Only three bodies—those of Thurman, Miss Orr and a deck hand—have been recovered. A tug is searching for the others. Business in the city is practically at a standstill.

The opera house and Union depot were unroofed, a number of trees destroyed and signs blown down, but no houses were destroyed or lives lost in the city. Five miles of telegraph poles were blown down on the Mobile & Ohio railway. It is impossible to tell the extent of the damage south of here, but it is believed to be very great. The storm came up very suddenly from the northwest, just as the ferry boat had started from Cairo and while it was still in the Ohio river near the Illinois shore. The rain was very heavy and the people were all in the cabin with the door shut. The boat turned over when the squall first struck it. The captain and the clerk were at the pilot wheel and were thrown out of the pilot house into the water and the boat turned over on them. They happened to be so far away that they caught the guard and pulled out from beneath her. Of those in the cabin only Dr. Orr and Joseph Curry got out.

At Bird's Point, Mo., a church and ten other buildings were partly wrecked.

AWFUL ACCIDENT TO A TRAM CAR. VICTORIA, B. C., May 27.—The Point Ellice bridge over Victoria arm collapsed yesterday afternoon precipitating a tram car heavily loaded with human freight into the water 100 feet below. All the passengers in the car, probably 50, were drowned. A sham fight and review was to take place at Macaulay Point, near Esquimalt, in the afternoon and crowds were making their way by every route. All the tram cars were packed. Two cars left Government street with more than 100 people. The first got over Point Ellice bridge, which crosses Victoria arm, safely, but when the other was about half way over the middle span of the bridge, about 150 feet in length, gave way and the car plunged into the water some 100 feet below. The car was completely submerged and all on board were drowned, with the exception of some of those who were standing on the platforms, and who, escaping injury from the falling timbers, managed to save themselves by using the floating ruins of the bridge and thus got ashore. Numbers of the bodies have already been recovered, and the work of identification is proceeding, but it is a difficult matter as a great many of the bodies are those of visitors.

### WORK OF DEATH.

The Cyclone Victims in Michigan Number 44, and There May Be Others. DETROIT, Mich., May 27.—Full reports of the cyclone which swept over Michigan have not yet been received. First reports of the disaster were overdrawn, but 44 persons are known to have been killed and nearly as many more have received injuries which may prove fatal. From reports that continue to come in from adjacent points the full force of the fierce wind that swept Oakland county is beginning to be appreciated. Everywhere is devastation. Villages that were Monday the homes of contented citizens are today desolate sites, and maimed and bruised fathers, mothers, brothers and sisters mourn for those who met death in the twisting, grinding, resistless wind.

The death toll in the vicinity of Oxford may run up to the hundred mark, for many homes that were on the edge of the cyclone suffered from its fury. At Oakwood, a hamlet some miles from Oxford, having a population of about 200, not a house is left standing. The path of the storm was between half and three-fourths of a mile wide, and it extended in a nearly straight course eastward for a distance of over 30 miles. A remarkable circumstance is that the buildings in close proximity to each other were blown in opposite directions, some being swept northward and others southward.

### PREACHER COMMITS MURDER.

A Colored Pastor at Pittsburg, Kan., in Pursuit of a Thief, Is Grown an Unexpectedly Surprised. PITTSBURG, Kan., May 27.—Rev. Canaday Martin, pastor of one of the colored churches in Pittsburg, went to the house of W. A. Wright yesterday on a hunt for a suit of clothes he claimed Wright had stolen from him, when, to his horror, he found his (Martin's) wife locked in one of the rooms of the Wright domicile. The clerical gentleman forgot all his theology and Christian admonitions and procured a revolver with which he shot Wright three times, killing him instantly, after which he gave himself up to the authorities.

Fire at Deseronto, Ont., devastated almost the entire business part of the town; 75 families were made homeless and the property loss will aggregate \$350,000.

## CONGRESSIONAL.

### Condensed Report of the Past Week's Progress.

In the senate on the 21st the earlier portion of the session was given to the routine of agreeing to conference reports on appropriation bills sent to the river and harbor bill was sent back to conference. Mr. Butler then moved to take up his bill to prohibit the further issue of interest-bearing bonds and Mr. Hill moved adjournment, which was defeated. Mr. Pettigrew was then given leave to offer supplementary conference report on the Indian bill and Mr. Hill immediately demanded the full reading of the voluminous report. Mr. Allen said the obstruction of Mr. Hill was manifestly aimed at the bond issue bill because it was a populist measure, which caused an exciting colloquy between Messrs. Hill and Allen. Finally Mr. Butler moved to adjourn which was carried. The house passed the bill to pension Francis E. Hoover, formerly of the Twenty-Third Indiana regiment, over the president's veto by a vote of 169 to 47.

In the senate on the 22d the obstruction to the anti-bond bill was withdrawn and the measure was debated. Mr. Hill attacked the measure as a barefaced attempt at repudiation and Messrs. Sherman, Gray, Hawley and Lodge also spoke in opposition to the bill, while Messrs. Smart, Mills, Butler, Allen and Clarke championed the measure. The conference report on the river and harbor bill afterward was agreed to. In the house Messrs. Hepburn and Dockery made a bitter attack on the river and harbor bill. Mr. Dockery saying that it contained extravagant provisions not warranted by the condition of the treasury and Mr. Hepburn stating that not a section of the bill had ever been read in the house. The conference report was finally adopted.

The senate on the 23d debated the filled cheese bill at great length. Various amendments were offered and voted down. At two o'clock Mr. Allen (Mich.) resumed his speech on the bond bill. A bill passed pensioning Harriet Newland Barrett, of Boston, born in 1800 and the daughter of a revolutionary soldier, also a bill increasing the pension of the widow of Gen. Carr from \$12,000 to \$15,000. The session of the house was opened with a sensational attempt by Mr. Howard (pop.), of Alabama, to secure consideration of a resolution to impeach President Cleveland on eight counts, but he was promptly suppressed by an almost unanimous vote of the house, upon the question of consideration raised by Mr. Dingler. The house then settled down to the consideration of conference reports. The final report of the river and harbor bill was adopted without division. As finally passed it carries \$12,850,000 in direct appropriations, and authorizes contracts to the extent of \$90,549,000. The final report on the executive, legislative and judicial bill was also adopted. The bill carries \$23,420,000, or less than the bill of last year. The sundry civil and Indian appropriation bills were sent back to conference. By a vote of 154 to 22 the house insisted on its provision in the latter bill relating to sectarian schools. Adjourned at 3:30 o'clock.

The general deficiency bill occupied the attention of the senate on the 24th and passed before adjournment. It temporarily displaced the bill to prohibit the issue of bonds. As passed, the bill carries about \$10,000,000, an increase of \$5,000,000 over the house bill. The house was engaged in the consideration of District of Columbia business.

### A NOTED WOMAN IN WANT.

Miss Phoebe Cousins Refused a Loan of Money by Her Sister Advocates. LOS ANGELES, Cal., May 23.—Miss Phoebe Cousins, the noted lecturer and woman suffragist, who came to this city a few months ago on account of a severe attack of rheumatism, is now very sick. While not in absolute want, Miss Cousins' exchequer is somewhat depleted, and in consequence she applied to the suffrage association for a loan in order that she might leave this climate, which does not agree with her. She wrote to Mrs. Sargent and Miss Susan B. Anthony, but Mrs. Sargent took no notice of the letter and Miss Anthony replied that they needed all the money they had for the campaign for woman suffrage in California. Miss Cousins spoke pathetically of her neglect by Miss Anthony, of whom she said she had been a loyal supporter and defender.

### TWO YOUNG WOMEN DROWNED.

High Water in the Streets of La Cygne, Kan., Causes a Sad Accident. LA CYNNE, Kan., May 26.—A large part of this town was flooded as the result of last week's rains and the water was from four to six feet deep on the street leading to the depot. Yesterday afternoon several parties of people went out in boats, when two that were heavily loaded collided, causing one to tip. Some women, in attempting to prevent being overturned, threw their weight on the opposite side of the boat and caused it to capsize. All were rescued except Miss Rickett and Miss Cassidy, who perished.

### SETBACK FOR ECKELS.

Views of the Comptroller of Currency Rejected by His Neighbors. OTTAWA, Ill., May 22.—John P. Altgeld for governor and free silver were the instructions given to the delegates selected at the La Salle county convention here to attend the state convention. La Salle is Comptroller Eckels' home county, and interest was added to the convention by the fact that the comptroller recently visited Ottawa, being reported to have come to Illinois in the interest of the gold standard campaign.

### Mail Carriers' Over-Time Claims.

WASHINGTON, May 26.—Secretary Carlisle, at the request of the senate, has compiled a list of judgments granted by the court of claims to letter carriers who have worked overtime under the eight hour system. This shows these for Missouri and Kansas: Kansas City, Kan., \$4,247.50; Atchison, \$3,337.39; Lawrence, \$739.05; Leavenworth, \$1,126.17; Topeka, \$5,453.39; Kansas City, Mo., \$28,944.16; Moberly, Mo., \$602.29; St. Joseph, \$11,540.89.

### A Woman Child Murderer Must Die.

LONDON, May 25.—The woman Dyer, convicted of murdering numerous infants entrusted to her care, has been sentenced to death. She was arrested at Reading with her son-in-law, a man named Palmer, charged with having strangled a number of infants whose bodies were recovered from the Thames, weighted down with bricks.

### Cockerill Laid to Rest.

St. Louis, May 22.—The funeral of the late John A. Cockerill, soldier, editor and war correspondent, who died in Cairo, Egypt, on April 10, took place yesterday afternoon at the Church of the Messiah, and the remains were interred in Ellis' rest, Bellefontaine cemetery.

### Wyoming Instructs for Silver.

LAMARIE, Wyo., May 22.—The democratic state convention held here yesterday was controlled entirely by the free silver element of the party and adopted a platform of one plank, embodying the most advanced views in favor of that policy.

## A BEER TAX.

An Amendment Offered to the Filled Cheese Bill.

### GEN. SPENCER'S WIDOW PENSIONED.

A Bill Passed in the Senate to Allow Her \$75 a Month—Alcohol Used in the Army—A Washington Rumor—Territorial Divorce Bill.

WASHINGTON, May 27.—Tariff and finance each came in for a share of consideration in the senate yesterday. Early in the day Mr. Sherman succeeded in having the filled cheese bill taken up, whereupon Mr. Dubois, of Idaho, offered an amendment adding 75 cents per barrel to the tax on beer. The senator said his amendment was intended to test the sincerity of senators who expressed the patriotic desire to aid the treasury by raising more revenue. Mr. Sherman opposed the amendment as a skillful means to defeat the cheese bill. His motion to table the Dubois amendment was defeated, yeas 25, nays 30. On the question of adopting the amendment, the debate became general. Senators Mills and Gray supporting and Nelson, Aldrich and Vilas opposing it. The bill and pending beer amendment were displaced at two o'clock by the bond bill, which was advocated by Mr. Pritchard, of North Carolina, and opposed by Mr. Lindsay, of Kentucky. A bill was passed to pension at \$75 a month, the widow of Gen. George Spencer, at one time United States senator from Alabama. Senator Vest presented a resolution from Typographical union No. 68, of Kansas City, Mo., favoring nationalization of telegraph lines. A similar resolution was presented by Senator Cockrell. Senator Cockrell presented a resolution adopted by a convention of railroad commissioners of different states held in Washington on the 20th inst., protesting against the passage of an amendment to the interstate commerce law repealing imprisonment punishment for violations of law. Senator Baker favorably reported a bill granting a pension to William H. H. Wright, of McPherson, Kan.

The house yesterday by a vote of 165 to 69, passed the bill for the repeal of section 61 of the present tariff law, providing for a rebate on alcohol used in the arts or for medicinal compounds. An amendment was attached to the bill providing for a joint commission to examine and report on all questions relating to free alcohol at the next session. The house also agreed to the senate amendments to the bill authorizing the construction of a bridge across the Missouri river at St. Charles, Mo.

### A RUMOR CONCERNING MCKINLEY.

WASHINGTON, May 27.—Simultaneously with the return of Senator Quay from his pilgrimage to the republican Mecca at Canton, comes a story, which is given general credence here, that it is the intention of the Ohio man, if he is elected president, to call an extra session of congress immediately upon his inauguration. The call, it is said, will be made the next day after his inauguration, and will specify that the purpose of the session is to consider the tariff. According to this congress would meet March 15 next. It is said to be McKinley's idea that all the woes of the country come from the present tariff system, and that the immediate return to a protective tariff will bring relief.

### TERRITORIAL DIVORCE BILL.

WASHINGTON, May 27.—The Oklahoma divorce system was brought to a legitimate end yesterday by the president adding his name to a bill making necessary a residence of one year before divorce proceedings can be filed. The bill is now a law, but it does not interfere with cases pending.

### METHODISTS AND TEMPERANCE.

The Church Is Still the Uncompromising Foe of the Rum Traffic. CLEVELAND, O., May 27.—Yesterday was a busy day in the Methodist Episcopal conference, and it was found necessary to hold three sessions. At the forenoon session the impressive ceremonies incident to the installation of the three bishops-elect—McCabe Cranston and Hartzell—attracted much interest. At the afternoon session, temperance was the subject under discussion, and the committee report, which was adopted, shows that the Methodist church is still the uncompromising foe of the liquor traffic. An important step was taken in requesting the board of bishops to memorialize congress to modify the internal revenue laws so as to give them less the semblance of statutes intended to legalize the liquor traffic, and especially in states which have prohibition. The report of the temperance committee was adopted as read, the main provisions being as follows: It declares it to be the duty of each member of the church to be a total abstainer; it condemns license, asserting that the government has become a partner in the traffic by permitting the sale of liquor; it declares that the only proper attitude of the church toward the traffic is relentless enmity, as the time will come when all good citizens must unite to oppose it and advance to its total extermination.

### SIXTEEN BODIES RECOVERED.

Extent of the Fatality at North McGregor, Ia., Still Undetermined. NORTH Mcgregor, Ia., May 27.—Sixteen bodies of victims of the flood which swept through this place Monday have been recovered, and it is believed that at least 14 more have perished, for no trace of that number of people can be found.

### Wholesale Poisoning at Oketo, Kan.

St. JOSEPH, Mo., May 27.—The 50 persons poisoned a few days ago at the wedding at Oketo, Kan., are all considered out of danger. The bridegroom, Prof. E. C. Shepherdson, was in the greatest danger and his life was despaired of for two days.

## BACKACHE.

From the Press, New York City.

Few people have suffered more from pain in the back than Mrs. Lillie B. Newell, of No. 3314 Second Avenue, New York City. For several years she was so afflicted with this distressing malady that she was hardly able to get around, and could do little to care for her children which made her suffering all the harder to bear. Her husband, Charles Newell, who is a well-known New York optician, tried in every way to find a remedy for his wife, but no medicine seemed to have the power to remove her pain.

Mrs. Glynn, a sister of Mrs. Newell, is a professional nurse, and was familiar with the symptoms of her sister's sickness. Mrs. Newell was away on a visit when a reporter called upon her, but Mrs. Glynn, who lives at No. 416 East One-hundred-and-twentieth Street, told the story of her sister's recovery.

A doctor was called when Mrs. Newell's condition became serious and he prescribed small pink pills which, in a short time, relieved the woman's pain as no other medicine has done. "After awhile," Mrs. Glynn told the reporter, "we learned that the medicine the physician was giving my sister was nothing more than Dr. Williams' Pink Pills for Pale People. Knowing by experience how excellently these pills were, Mrs. Newell bought some at a drug store and continued taking them. The effect was most gratifying, for in six months my sister was perfectly well and no longer in her bed. There was nothing more than an unpleasant memory. Both she and I have recommended the Pink Pills to other people, who have not failed to find them all that is claimed. My doctors my sister had been treated by, before taking the pills, had done her no apparent good."

Pink Pills are sold in boxes (never in loose form, by the dozen or hundred) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists or sent by mail from Dr. Williams' Medicine Company, Schenectady, N. Y. The price at which these pills are sold makes a course of treatment inexpensive compared with other remedies or medical treatment.

### CONSULS ARE DECEITFUL.

Elderly American Lady Doesn't Think Much of Our Representatives.

It is a hot August day. An elderly lady, blowing into the consulate and casting her eyes near the consular desk. The elderly lady is evidently "real mad," and although I am innocent of having offended her, she looks at me with great severity.

"Can you tell me," she asks, suspiciously, "if in going from Geneva to Paris to-night my baggage will be examined again by those stupid custom-house officers?"

"Presumably it will, madam," I reply.

"Well it's a shame," observed the lady, majestically, "and if you are over here representing the American people you ought to have it stopped. I have had my baggage examined four times since I left Baden Baden. Last night at the Italian frontier they threatened to boil my clothes because I had been to Hamburg, where there is said to be cholera. This morning at Geneva they seemed to be actually searching my trunk for microbes. Why, sir," said the lady growing absolutely splendid in her indignation, "I have never had the cholera in my whole life!"

I knew it would be useless to reason with this excellent female, so I just tried diplomacy.

"Alonso," said I, in business-like tones, to my gifted secretary, "make a note of this affair and report it at once."

Alonso had no idea to whom he was to make his report, but he took copious notes, and the lady went away presently in a better frame of mind. Two days afterward I received a note from her in the following bitter terms:

Paris, Aug.—189.—Sir: My trunk was examined as usual last night, and, if possible, more rigidly than before. My opinion is that our so-called consuls are as deceitful as they are incompetent. Yours respectfully,

### He Understood.

Two Americans were lately traveling by rail in France in a railway carriage, the only other occupant of which was a quiet old gentleman. One of the Americans was about to smoke, when the old party pointed to a notice forbidding smoking. Somewhat disconcerted the smoker abandoned the attempt, but in a few minutes more pulled out a flask and remarked to his companion, "I wonder that that French skeelsicks objects to our taking a drink?" and was horrified when the supposed old French party said in the purest English, "I should like to join you boys."—Boston Commercial Bulletin.

Nearly all of the great nations of the civilized world have lately been gaining more slowly, at least in rate per cent of increase of population than they did 12 years ago.

## Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

There is no dividing line.
